| Important Questions | Answers | Why This Matters: |
|---|--|---|
| What is the overall deductible ? | \$150 /individual or \$150 /family for In- Network Providers . \$400 /individual or \$800 /family for Out-of- Network Providers . | Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan , each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible . |
| Are there services covered before you meet your deductible ? | Yes. Preventive care , Primary Care visit, Specialist visit, lab and x-ray, emergency care, ambulance travel, pre and post natal maternity services, allergy serum and injections, infusion therapy, chemotherapy, radiation therapy, dialysis for In- Network Providers . Vision exam for In- Network Providers and for Out-of- Network Providers . | This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ . |
| Are there other deductibles for specific services? | Yes. \$150 /individual or \$150 /family for Prescription Drugs . There are no other specific deductibles . | You must pay all of the costs for these services up to the specific deductible amount before this plan begins to pay for these services. |
| What is the out-of-pocket limit for this plan ? | \$2,500 /individual or \$5,000 /family for In- Network Providers . \$2,500 /individual or \$5,000 /family for Out-of- Network Providers . This plan has a separate Out of Pocket | The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met. |

| | | |
|--|---|--|
| | Maximum of \$500 /individual or \$1,000 /family for Outpatient Prescription Drugs . | |
| What is not included in the out-of-pocket limit? | Costs associated with routine vision care, Premiums , balance-billing charges, and health care this plan doesn't cover. | Even though you pay these expenses, they don't count toward the out-of-pocket limit . |
| Will you pay less if you use a network provider? | Yes, HealthKeepers. See www.anthem.com or call (800) 451-1527 for a list of network providers . | This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of- network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware your network provider might use an out-of- network provider for some services (such as lab work). Check with your provider before you get services. |
| Do you need a referral to see a specialist? | No. | You can see the specialist you choose without a referral . |

 All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.
