PowerSchool Parent Portal is a powerful, easy-to-use, secure communication tool connecting teachers, parents, and students. Using Pearson's PowerSchool student information system, the Parent Portal allows collaboration to improve student achievement. Online access to grades, attendance, and assignments makes it easier for parents, teachers, and students to accurately monitor, identify, and accelerate student progress.

PowerSchool Parent Portal will allow parents/guardians with more than one child to access all of their children at one time with one login and password. This will also allow both parents/guardians to have separate accounts for their child(ren). Students will log in using their HCPS username and password.

Any parent who created a Portal account last year, including during last year's course recommendation window, will continue to use that same account. User names and passwords have not changed on any parent accounts created last school year.
