Notes:

Starting in 2017, the score range is 400-1600 due to the redesigned test. Comparison of data from prior years cannot be made due to the changes in the test and scoring.

\*Data reflect 2018 high school graduates who took the new SAT during high school. If a student took the SAT more than once, the most recent score and self-reported SAT questionnaire responses are summarized. SAT data contained in this report reflect a frozen snapshot of College Board's integrated data system as of July 20, 2018.

\*\*State and National Level data is from the State and Nation Integrated Report.
