*Henrico County offers a benefit to couples when both spouses work for Henrico, be it Government or Schools, or a combination. To receive this benefit, both spouses must enroll in the same health plan. Either spouse can be the "cardholder". This means the insurance coverage will be set up in that employee's name and Social Security number. The couple should contact the Health Benefits Office for enrollment instructions.*

Note:

Employee/Family (one or more children)

HDHP HSA is not eligible for double contribution
