

# HENRICO COUNTY PUBLIC SCHOOLS HEALTH COMMITTEE UPDATE

September 23, 2021

# AGENDA

- Transmission Level
- Quarantine Timelines
- Contact Tracing
- Vaccination Status
- Testing

# HENRICO TRANSMISSION LEVEL

Indicator	Low Transmission	Moderate Transmission	Substantial Transmission	High Transmission
Total new cases per 100,000 persons in the past 7 days	0-9	10-49	50-99	>+100
Percentage of NAATs* that are positive in the past 7 days	<5.0%	5.0%-7.9%	8.0%-9.9%	>-10.0%

# HENRICO LEVEL OF SCHOOL IMPACT

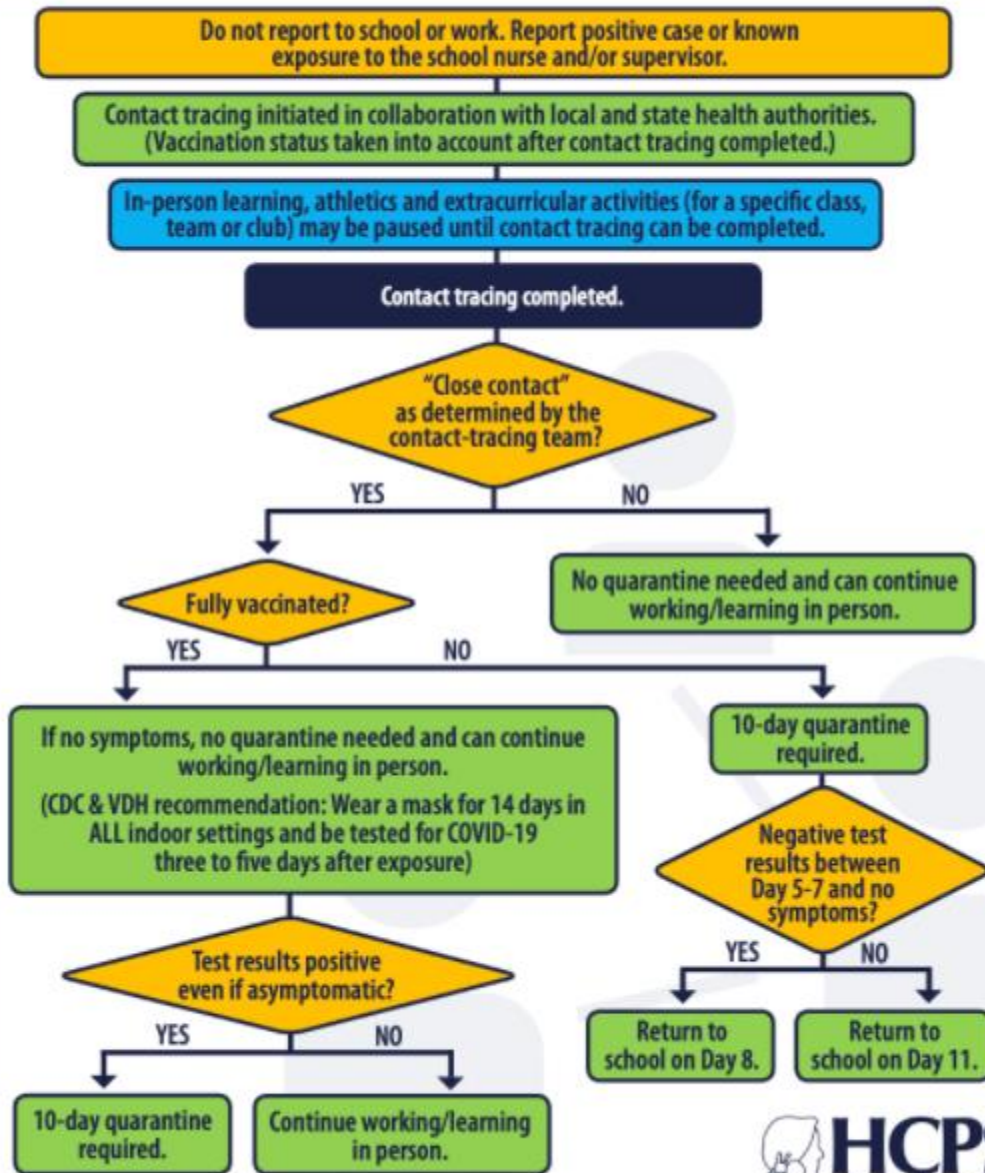

Criteria to consider	Level of School Impact*		
	Low	Medium	High
Transmission within school	Zero or sporadic cases with no evidence of transmission in school	Two outbreaks within a short time period or sporadic outbreaks in school. Size of outbreaks remains small.	Several outbreaks in school within short time period; size of outbreaks is large or scope of outbreaks is significant (e.g multiple classrooms or grade levels are impacted).
Student absenteeism	At baseline/Low	Slightly above baseline	High
Staff Capacity**	Normal	Strained	Critical

\*Level of impact to school can only be assessed for those schools that have opened to in-person instruction. Schools should collaborate with local health departments on contact investigations. Depending on the level of COVID-19 transmission in the school and outbreak status, public health may recommend adjustment to prevention strategies. If a school is conducting a COVID-19 testing program, screening testing data can also be helpful.

\*\*This subjective assessment should factor in a school's ability to maintain adequate staff for facility operations, transportation, teaching, and administrative functions. It should include input from teachers/staff regarding their availability to provide in-person instruction.

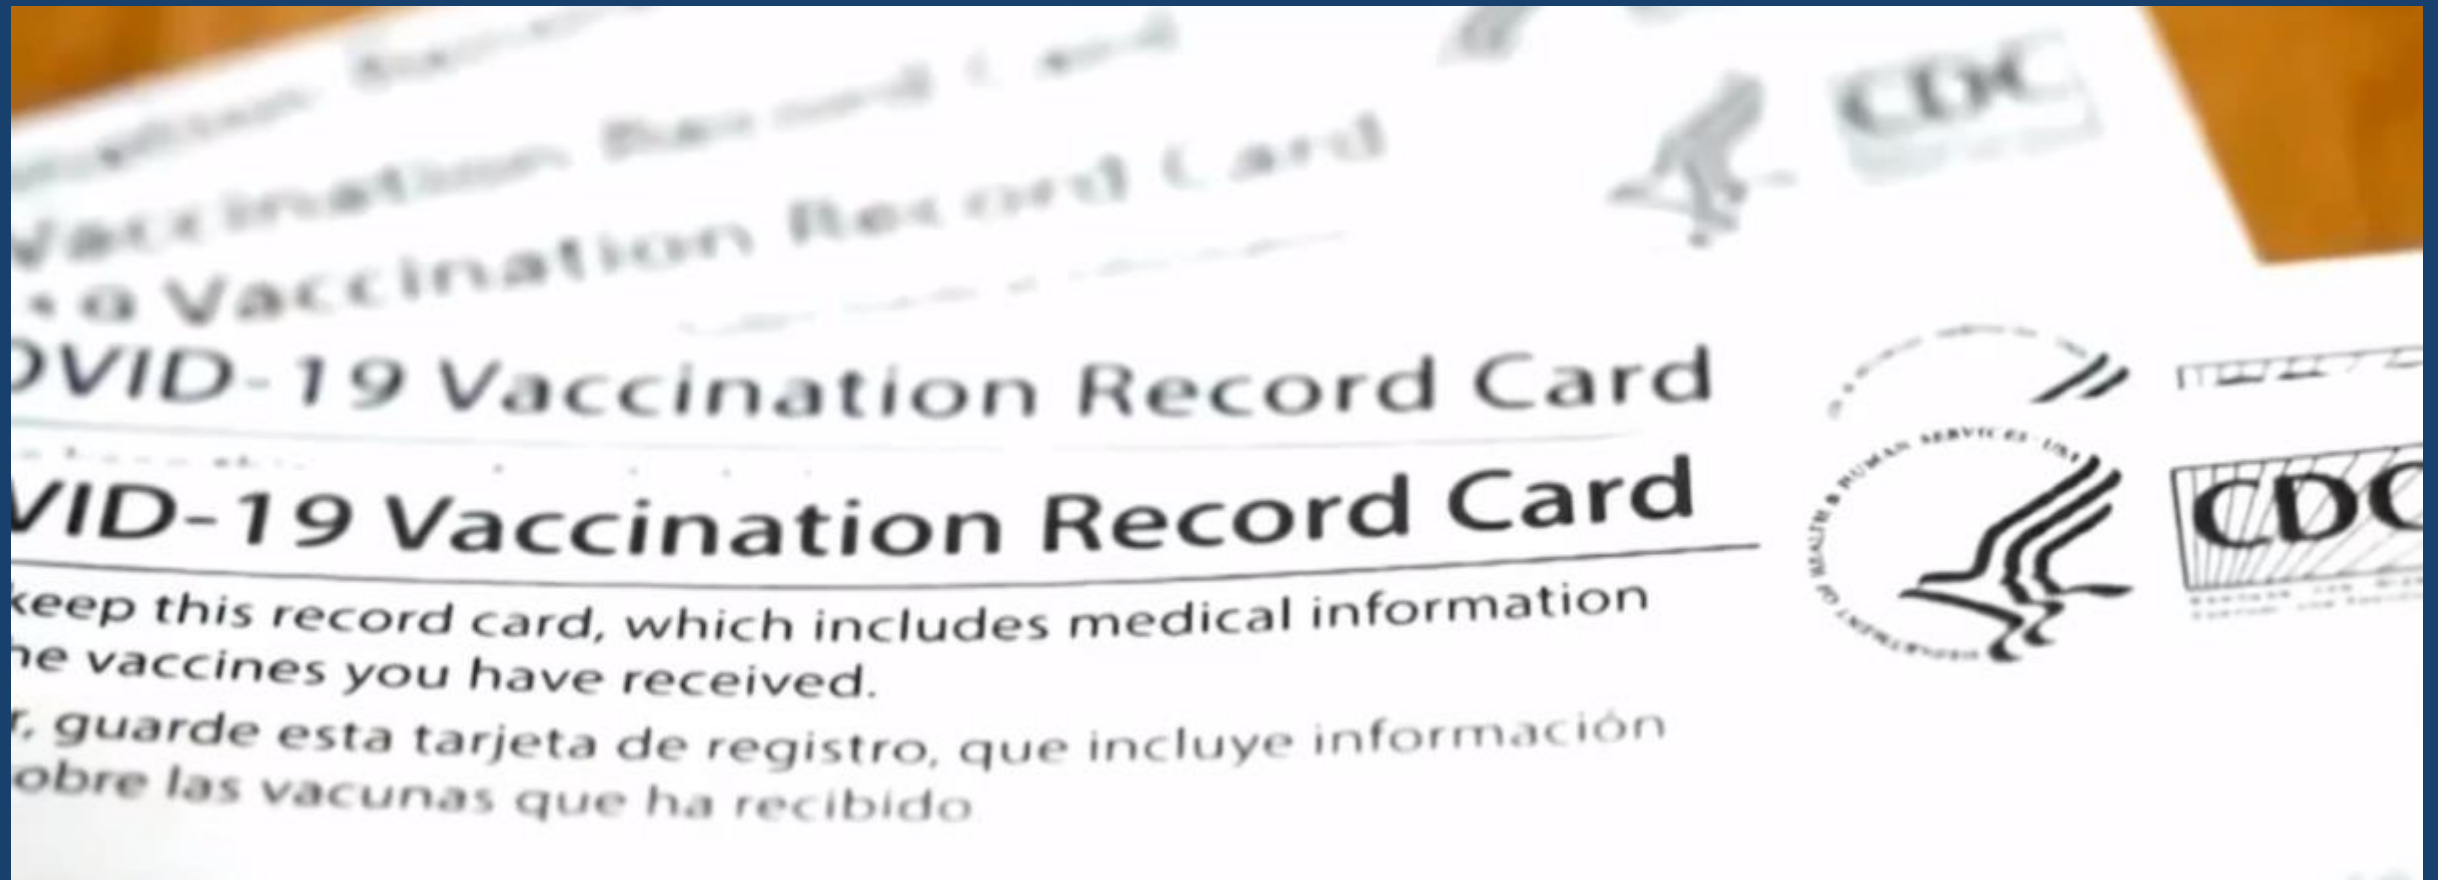

# What happens when a student or staff member tests positive for, or has a known exposure to, COVID-19?

# VACCINATION STATUS

# TESTING UPDATE

- Screening
- At-Home Testing Kits
