

P6-12-006 Student Publications

There shall be a faculty sponsor, appointed by the principal, for all student publications. Such publications may be distributed to students. Non-sponsored publications are not recognized as school publications. Non-student publications may not be distributed through the school. If student publications are sold, the cost should be held to a minimum and should not result in a profit. Whenever possible student publications should be made available to all students at no cost.

The sale of advertisements in student publications may not be interpreted as school endorsement of a commercial product or service.
