

P9-18-015 School Bus Safety

There shall be a program of supervision of drivers and corrective action in matters which protect student riders from accidents, including a thorough investigation by the Department of Pupil Transportation of all school bus accidents.

~~Schools may designate students to serve on the school bus safety patrol to assist the bus driver with routine matters such as seating students and buckling seat belts. Refer to the Safety Patrol Manual.~~

Student safety patrol may be used on school buses.
