Should a Specialty Center Be a Part of Your Future?

Are you a student who has a concentrated area of interest or special talent? If so, you might want to consider attending a specialty center. The centers, located in each of the high schools and at three middle schools, offer Henrico County students choices to focus their learning experiences. The centers offer advanced courses to students who have clear interests and specific educational and/or career goals.

As you plan for your future, you might also want to consider your goals after high school. In addition to the traditionally strong academic programs offered at each Henrico comprehensive high school, attending a specialty center is an opportunity to concentrate on a specialized interest while completing a rigorous college-preparatory program.
General Information

Curriculum
- Emphasizes rigorous academics
- Provides practical applications
- Encourages higher-level thinking
- Meets or exceeds graduation requirements
- Conveys information developed through educational partnerships with businesses, universities and community organizations

Instruction
- Delivered by highly trained teachers
- Enriched by visiting professionals
- Developed through real-world experiences
- Enhanced by innovative strategies that promote active learning
- Enhanced through engagement in specialized interests

Enrollment
- Requires application process
- Requires student commitment
- Open to rising ninth-graders
- Enhances program choice
- Extends beyond the normal geographic attendance zones

Transportation
Transportation is arranged from the student’s neighborhood bus stop to a transfer hub. Students are then shuttled to their attending schools. In the afternoon, high school students are shuttled to a transfer hub then transported back to the student’s neighborhood bus stop. In the afternoon, middle school students are transported from their attending school back to the student’s neighborhood bus stop. Transportation registration information will be sent to students who have been accepted into a specialty center.

Contents
The following pages contain information about each specialty center. Centers are listed in alphabetical order. If you have further questions, contact the specific center or the Department of Secondary Education at 804-652-3766.
Advanced Career Education Center at Hermitage and Highland Springs
Advanced Career Education Centers at Hermitage and Highland Springs

Are you interested in options when it comes to your education? The ACE Centers offer 30 program options to help you explore and plan for your future! In the ACE specialty centers you can gain professional skills in an area of your interest that will help you transition into a career and/or into college with a 2-year concentration in your area of study. Begin planning your career pathway today.

Program Highlights

- 12 dual enrollment courses which offer between 6 to 28 college credits
- 65 nationally recognized industry certifications available
- 4 Virginia State Licensures available
- Develop Workplace Readiness Skills that prepare you for college and/or careers
- Leadership opportunities through co-curricular student organizations
- Job shadowing and internships

Program Options

- Air Conditioning, Refrigeration and Plumbing
- Auto Body Repair
- Automotive Technology
- Barbering
- Carpentry
- Computer-Aided Drafting and 3D Animation
- Computer Systems Technology
- Cosmetology
- Criminal Justice
- Culinary Arts
- Diesel Technologies
- Early Childhood Education and Services
- Electricity and Cabling
- Emergency Medical Technician
- Graphic Communications
- Greenhouse Management
- High Tech Academy
- Hospitality, Tourism and Catering
- Landscaping
- Legal Systems Administration
- Masonry
- Medical Systems Administration
- Nurse Aide
- Pharmacy Technician
- Practical Nursing
- Precision Machining
- Radio Broadcasting and Journalism
- Sports Medicine
- Veterinary Assistant
- Web Development and Programming

The ACE Centers are part of Henrico Career & Technical Education.

Advance College Academy: Business Administration
Advance College Academy: Business Administration

Are you already taking high school classes in middle school? Does the idea of taking college classes in high school sound like an exciting challenge? Through a partnership with Reynolds Community College, students in the Advance College Academy earn both an advanced high school diploma and an Associate of Science Business Administration in four years. The program is offered at minimal cost to students, and the college credits are transferable to four-year colleges and universities.

Prerequisites: Algebra I

Program Highlights

- Engage in a rigorous and challenging 21st century education in a unique program taught by adjunct professors who are also HCPS teachers
- Take high school honors and AP classes freshman and sophomore years; take college classes junior and senior years
- Participate in activities with a Reynolds Career Coach throughout the school year designed to prepare students for college classes and college life
- Earn 61 college credits eligible for transfer to a four-year college or university - a $50 fee is incurred for each of the 21 courses comprising the 61 credits.
- Participate in clubs, sports and other extra-curricular activities offered at Highland Springs High School
- Take the first college classes on campus at Reynolds, as a rising junior, in a three-week summer session
- You may take an HCPS elective all four years

Additional information is available at:
http://blogs.henrico.k12.va.us/hshsaca/

Kenneth White, Principal, Highland Springs High School
Chevon Artis-Ablack, Program Director, 328-4000, ext. 3151
Lisa Smith, Interim Director of School Counseling, 328-4006
Advance College Academy: Social Sciences
Are you already taking high school classes in middle school? Does the idea of taking college classes in high school sound like an exciting challenge? Through a partnership with Reynolds Community College, students in the Advance College Academy for Social Sciences earn an advanced high school diploma and an Associate of Science degree in Social Sciences during their four years in high school. The program is offered at minimal cost to students, and the college credits are transferrable to four-year colleges and universities.

**Prerequisites:** Algebra I

**Program Highlights**

- Engage in a rigorous and challenging 21st century education in a uniquely accelerated program taught by adjunct professors who are also HCPS teachers
- Take high school honors classes freshman year; honors and AP classes sophomore year; AP and college classes junior and senior years
- Take the first college classes on campus at Reynolds, as a rising junior, in a three-week summer session
- Maintain an HCPS elective all four years
- Participate in activities with a Reynolds Career Coach throughout the school year designed to prepare students for college classes and college life
- Earn 60 college credits emulating the coursework found in the first two years of college - a $50 fee is incurred for each of the 20 courses comprising the 60 credits
- Participate in clubs, sports and other extracurricular activities offered at J. R. Tucker High School

Carlotta Blackman, ACA School Counselor, 527-4606
Center for the Arts

You need interest, talent, passion and ambition to become a success in Dance, Musical Theatre, Theatre or Visual Arts at the Center for the Arts. Daily intensive study and practice in the curriculum area of your choice will assure that you are well-prepared for higher education or a career in the performing or visual arts.

- The center offers a four-year course of study in Dance, Musical Theatre, Theatre, or Visual Arts with the opportunity to enroll in more than one curriculum area as an upperclassman.
- Classes are taught by a faculty of professional arts educators actively involved in the local arts community, supplemented by guest or visiting artists.
- Students have the opportunity to take Arts-Infused core academic classes.
- Emphasis is placed on exhibiting or displaying student work in visual arts galleries and stage performances.
- Senior performance showcases and art gallery exhibits are student-driven efforts that serve as a capstone project at the end of senior year.
- Opportunities to participate in internships, festivals, competitions, workshops and masterclasses.
- Students acquire artistic skills necessary for successful art careers and higher education.

Program Highlights

- Four levels of Dance -- emphasis on ballet, modern, jazz, tap, ethnic and folk styles, as well as dance history, aesthetics, nutrition, kinesiology, choreography and performance
- Four levels of Musical Theatre -- techniques in vocal production, dance, acting, solo and ensemble performance, audition preparation, music theory, keyboard skills and composition
- Four levels of Theatre -- techniques in acting, creative expression, technical theatre, aesthetics, audition preparation, script and playwriting, stage makeup and set design, production and performance
- Four levels of Visual Arts -- emphasis on art and design principles, history, aesthetics, proficiency in a variety of artistic media and techniques and gallery exhibition

CFA Auditions are comprised of TWO PARTS this year.
For more audition information, see page 39.

PART ONE: Audition Video or Google Slides submission due January 15, 2021
*Refer to the application or the CFA website for complete details.

PART TWO: Virtual Live Audition on Saturday, February 6, 2021
*Applicants will be sent a Microsoft Teams link. Refer to the application or the CFA website for complete details.

Tifany Kremsreiter, CFA School Counselor, 228-2710
Center for Communications and Media Relations

At the Center for Communications and Media Relations, you will learn to speak with confidence, write with precision and design with flair so that any message you want to send will be effective when it is heard, read or viewed. Home to two full television studios and control rooms, two computer labs used for video editing and graphic design and a presentation studio, this center will prepare you for dozens of careers including television, reporting, graphic design, business, marketing, teaching, politics and law.

Program Highlights

• Creating meaningful television, multimedia, photography, graphic design, journalism, advertising and public relations products

• Producing student news shows, commercials, newspapers, speeches, multimedia presentations and a senior portfolio

• Using advanced technology to research and write television scripts and newspaper stories, design graphics and posters and shoot and edit news packages and commercials

• Refining writing and speaking skills necessary for effective communication

• Exploring career possibilities through field trips, shadowing opportunities and field experiences in partnership with the business community

• Pursuing a rigorous honors program in a specialized learning environment

Do you enjoy working with friends to problem-solve? Do you enjoy classes where lessons are connected to the world around you? Are you intrigued by human development and psychology? If yes, you share the ideologies of a new generation of educational leaders. The Center for Education and Human Development offers a comprehensive curriculum that explores the complexities of the learning process and utilizes the latest technology to develop educators and other leaders for the 21st century. The curriculum will focus on areas such as research based instructional practices, 21st century skills necessary for success in the global society, diversity, research, data analysis and professional development. The Center for Education and Human Development explores human development and psychology as it relates to education and models best practices for teaching and other leadership roles.

Program Highlights

- Rigorous curriculum that includes advanced placement courses and real-world application
- Faculty dedicated to developing individuals with skills in problem solving, effective communication and leadership
- State-of-the-art classrooms with the cutting-edge technology
- Opportunity to gain perspective and experience related to success in the global society
- Senior internship opportunities

Center for Engineering
Do you want to apply your math and science skills in a technology-based classroom? Do you have an interest in designing, building and testing models? Do industries such as aerospace, defense, communications, transportation, manufacturing and biomedical research interest you? Then this center is the place for you. It provides a basis for understanding how an engineer functions in today’s technological world. An advanced high school diploma and college credits in engineering await you at the Center for Engineering.

**Program Highlights**

- Provides foundations of math, science and technology in preparation for a college engineering curriculum applicable to many technical careers
- Strong academic preparation emphasizing application of mathematics, scientific principles, technology and engineering concepts to problem-solve through the “Design Process”
- Development of field studies, mentoring and apprenticeships with businesses, colleges and universities
- Use of computer-aided drafting (CAD) systems in engineering, architecture and design
- Opportunities to research and present technical information by using modern technologies, including telecommunications, networking and computer software
- Dual credit courses with the engineering department at Reynolds Community College
- Engineering competitions including FIRST Robotics and Technology Student Association

**Additional information is available at:**

Center for the Humanities

Do you like to strike out and explore new territory? Do you enjoy reading deeply? Do you wish to perfect your questioning, reasoning and writing skills? If so, then the Center for the Humanities is for you. As you undertake independent and collaborative study, you will stretch your imagination and gain the ability to express and defend your opinions clearly and effectively while learning to be open to the viewpoints of others.

Program Highlights

• Explore and experience the achievements of humankind – the Humanities

• Comprehensive and rigorous academic program specializing in literature, history, philosophy and the arts

• Exploration of themes that show the human ties within and among cultures

• Interdisciplinary instruction of core academics relating the humanities to current events and issues

• Inquiry approach with exchange among students, teachers and guest speakers emphasizing reading and analysis of primary sources, writing and speaking

• Emphasis on liberal arts background in a technological society

• Awareness of and appreciation for one’s cultural heritage and creative achievements

Center for Information Technology
Center for Information Technology

Are you curious about a future in Information Technology (IT) and Computer Science (CS)? Would you like to experience real-world software development? Do you enjoy getting your hands on the latest technologies available? If you answered an enthusiastic “yes” to these questions, the Center for Information Technology is for you!

**Prerequisites:** Algebra I

**Program Highlights**

- A solid foundation in Information Technology and Computer Science, including introductions to programming, application development, networking, systems architecture, data science, web programming and project management
- Ethical considerations of issues relating to IT & CS
- Application of the principles of systems design and development through partnerships with the business community
- Technology experts from the field as instructors
- Projects for local area organizations that impact our community
- Opportunities to earn certifications in web development and programming
- Two AP Computer Science courses
- Internships in the Richmond area
- Senior Capstone project in one of four areas: Network Security, IT Project Management, Data Science or Game Design & Development

Middle Years Program at Fairfield, Moody and Tuckahoe Middle Schools

Are you a student who loves to learn and wants to surround yourself with stimulating learning experiences that promote independence? Are you interested in connecting what you learn through an international framework to action in your community and to global issues? Join the International Baccalaureate Program at Fairfield, Moody or Tuckahoe Middle Schools.

Program Highlights

• Emphasizes active learning, interdisciplinary investigations, real-world connections and community action
• Features a rigorous learning continuum for students in grades six through 10 that includes vertical teaming of teachers from one grade level to the next
• Challenges students to meet both international and state academic standards
• Focuses on enhancing the opportunity for success for those students who enroll in the International Baccalaureate Middle Years and Diploma Programs at the high school level

Application procedures for IBMYP at Fairfield, Moody and Tuckahoe Middle Schools can be obtained from your HCPS school counselor. Private and home school applicants must contact the IB Programs Office at 261-6440 to request an application.

Additional information is available at:
www.ibo.org

International Baccalaureate
MYP and Diploma Program
Middle Years Program and Diploma Program at Henrico and J.R. Tucker High Schools

Are you interested in a specialty center program that offers challenges in every academic discipline, from mathematics and social sciences to the arts and physical education? Join the IB program at the high school level. In grades 9 and 10, you will be a part of the Middle Years Program, engaging in community action from classroom content, the Personal Project and rigorous interdisciplinary learning. In grades 11 and 12, you will enter the Diploma Program, a college-level course of study involving the highest level of achievement through external examinations. Students can select areas of special interest through Creativity, Activity and Service as well as the Extended Essay. Upon graduation, successful students receive the Advanced Studies Diploma and may achieve the IB Diploma. Students may also earn college credit and/or advanced standing or placement in many prestigious colleges and universities.

Prerequisites: Algebra I and Spanish/French I. It is recommended to have taken honors/advanced courses in 7th and 8th grade such as Earth Science and WH&G I.

Program Highlights

• The first authorized Middle Years Program in the U.S., offering the student-centered Personal Project that may earn students the IB MYP Record of Achievement in grade 10
• The opportunity to achieve the internationally recognized IB Diploma in grade 12
• Hands-on learning in a close-knit international learning community
• Creativity, Activity, Service projects and personal projects that extend learning beyond the classroom walls
• Extended Essay that strengthens research and writing skills while promoting academic independence

Center for Leadership, Government and Global Economics
Center for Leadership, Government and Global Economics

Are you looking to make a difference in the world tomorrow? The Center for Leadership, Government and Global Economics at Freeman High emphasizes service to the community through principle-centered leadership. It is home to an intense course of study in economic systems, public and private organizational structures and leadership skills.

Program Highlights

- Comprehensive curriculum preparing students to be knowledgeable, responsible and ethical leaders
- An advanced studies program in government, history and the social sciences
- Observation and interaction with leaders through partnerships and special programs
- Application of leadership skills and principles through curricular and extracurricular activities, community service and enrichment programs
- Identification and development of personal leadership qualities through presentations, research and mentorship programs

Todd Allen Phillips Center for Medical Sciences
Todd Allen Phillips Center for Medical Sciences

Do you like to take on thought-provoking problems whose solutions require integrating knowledge across multiple academic disciplines? Are you excited by new theories and discoveries as they apply to health sciences and health care? The Todd Allen Phillips Center for Medical Sciences provides a rigorous course of studies with an emphasis on topics relevant to the Life and Health Sciences. The center emphasizes a diagnostic, cross-curricular approach to problem-solving using hypotheses, research, experimentation and mathematical techniques. Come prepared to develop the world of tomorrow!

The Todd Allen Phillips Center for Medical Sciences is named after a beloved teacher and colleague. Todd Phillips was instrumental in developing the transition from the Center for Science, Mathematics and Technology to the new Center for Medical Sciences. He was not just the AP stats teacher, but a mentor and confidant to all of his students. He was a visionary in his approach to developing the new focus for the specialty center, and he will always be remembered.

**Prerequisites:** Algebra I. It is recommended to have taken honors/advanced courses in 7th and 8th grade such as Earth Science and WH&G I.

**Program Highlights**

- An intensive, immersed curriculum of accelerated studies in science and mathematics
- Exposure to applications of current scientific, math and technological techniques in the various health science careers
- Unique elective course offerings providing exposure to college-level topics found as part of a curriculum for study in the health sciences
- Experience with scientific inquiry and data analysis through hands-on research and experimentation
- Identification of societal and ethical considerations associated with scientific and technological advancement in the health sciences

Center for Spanish Language and Global Citizenship

Are you fascinated by world languages, diverse cultures and international travel? Do you want to become bilingual, study abroad and form lifelong friendships with other students who share your passion for languages? Enrolling in the Center for Spanish Language and Global Citizenship will allow you to develop a high level of proficiency in Spanish and will expose you to at least one year of an additional language. Being multilingual gives you an advantage in every field in our increasingly interconnected and multicultural world.

Program Highlights

- Specialized curriculum for students who are highly motivated in learning a second language
- Enrollment in accelerated and AP language and literature courses taught in Spanish
- Opportunities to earn credit by traveling, studying abroad and staying with host families as part of a center-sponsored program
- A summer enrichment “jump start” program for rising ninth-graders, business partnerships, guest speakers and teaching in elementary schools through the unique Field Experience class
- Flexible curriculum which allows for completion of center requirements while pursuing individual interests through other course work and electives

Center for Spanish Language and Global Citizenship entrance exam: February 6, 2021 9:00 a.m. - 12:00 p.m., Spanish language building, Tucker High School

RAIN/SNOW DATE: February 13, 2021, 9:00 a.m. - 12:00 p.m.

Application Procedures for HCPS Students

Have you studied all your options? Discussed your plans with your family, counselor and others close to you? Have you decided to apply? What’s your next move?

1. Access the online application at henricoschools.us/specialty-centers. The application will go live on November 16, 2020.

2. Complete your application form. Take enough time to present yourself in an honest, thoughtful and thorough manner.

3. Application forms for all high school centers must be submitted by January 15, 2021.

4. All eighth graders in Henrico County middle schools applying for a specialty center will take the 2021-22 specialty center assessment. The assessment will be used as criteria for specialty center admissions. The 2021-22 test includes three sections: reading, mathematics and writing. HCPS middle school faculty will administer these assessments during the school day.

5. You will receive your application status on March 5, 2021.

6. You must notify the center director of your intent to attend by March 19, 2021.

For more information about specialty center offerings, refer to the publication Planning Guide. Additional questions or comments may be directed to the Henrico County Public Schools Secondary Education Department at 804-652-3766.
Application Procedures for Henrico Residents Who Do Not Attend Henrico Public Schools

Have you studied all your options? Discussed your plans with your family, counselor and others close to you? Have you decided to apply? What’s your next move?

1. Access the printable application at henricoschools.us/specialty-centers. The application will go live on November 16, 2020.

2. Complete your application form. Take enough time to present yourself in an honest, thoughtful and thorough manner.

3. Application forms for all high school centers must be submitted by January 15, 2021.

4. You will receive your application status after March 5, 2021.

5. You must notify the center chair of your intent to attend by March 19, 2021.

Reminder: Henrico County Public Schools’ policy states that a child must reside in Henrico County with a parent or legal guardian to attend a Henrico County Public School. Burden of proof for documenting residency rests with the parent/legal guardian. As part of the application process, residency documentation must be submitted with all specialty center applications. A list of approved documentation will be included on the application.

For more information about specialty center offerings, refer to the publication Planning Guide. Additional questions or comments may be directed to the Henrico County Public Schools Secondary Education Department at 804-652-3766.
Application Checklist

For Henrico residents who do not attend Henrico County Public Schools

- Review Application Timeline and Assessment Requirements (PAGES 2-3 in the Specialty Center Application Packet).
- Complete the Specialty Centers Application Cover Sheet.
- Gather and attach Proof of Residency Documentation.
- Complete the Student Activities Form.
- Prepare responses to individual center essays, projects, auditions, and assessments.
- Give Transcript and Standardized Test Request Form to your school counselor.
- Collect completed Transcript Request and Standardized Test Form.
- Complete and return Releases, Consents, and Acknowledgments.
- Check and sign the Waiver of Right to Access Confidential Information box on both Teacher Recommendation forms.
- Distribute Recommendation Forms to two of your teachers from seventh or eighth grade. Those two recommendations will be used for all of the specialty centers to which you are applying.
- Recommendations will be forwarded to your school counselor by your teacher.
- Contact the specialty center director if you have any questions.
- Check your application. Make certain you have all necessary signatures.
- Place all pages in order behind the Application Cover Sheet.
- Have your school counselor review your completed application.
- Students who are Henrico residents but not enrolled in Henrico County Public Schools should mail or hand deliver a completed application to each specialty center to which they are applying by January 15, 2021.
To apply for admission to an HCPS specialty center, you will need to register to take the specialty center assessment test. The 2021-22 test includes three sections: reading, mathematics and writing. Students will be allocated 45 minutes for each section of the assessment. Enrollment in testing sessions will be limited to 14 students. Additional testing information and safety protocols are posted on the specialty center website at https://henricoschools.us/specialty-centers/.

Parents must register in advance for the specialty center assessment at the following web address: http://tinyurl.com/henricoprivateschooltesting.

If you have questions, please contact Lesley Brown at the following email address: lybrown1@henrico.k12.va.us.

Registration for testing will open on **November 16, 2020**; registration for testing will close on **January 15, 2021**.

### Location of All Testing Sessions

Eastern Government Building  
Henrico County Public Schools  
Multipurpose Room  
3820 Nine Mile Road  
Henrico, VA  23223

The specialty center application timeline and assessment dates are subject to change as Henrico County Public School continues to prioritize the health and safety of employees, students and families during the continuing coronavirus pandemic. HCPS’ Health Committee meets every two weeks to consider current pandemic conditions and trends in the region and in Virginia.

Updates and changes in the specialty center application timeline and assessment dates will be posted on the specialty center webpage at https://henicoschools.us/specialty-centers/. Parents and applicants are strongly encouraged to review the specialty center webpage regularly for the most up-to-date changes and notifications.
Two-Part Audition for the Center for the Arts

Part One: Video Submission and Google Slides Submission

All applicants for the discipline areas of Dance, Musical Theatre and Theatre are required to submit a video; applicants for the discipline area of Visual Arts will submit a Google Slides presentation. Videos cannot exceed two minutes in length.

Part Two: Virtual Live Audition Scheduled for Saturday, February 6, 2021

Students applying to one discipline area will be assigned to the virtual live portion of the audition according to the times listed below. Students applying to two discipline areas will select Session A for their first area and Session B for their second area.
