

CITIZEN PARTICIPATION FORM RESPONSES
Thursday, March 24, 2022

Timestamp	First Name:	Last Name:	Magisterial District:	Your written comments for the March 24 monthly meeting:
Mar. 21, 22 -- 12:38: PM	Christine	Williams	Tuckahoe District - Marcie F. Shea	Please increase the budget for athletic coaches. I learned today that the County only provides two paid positions for most sports - two paid positions for both JV and Varsity teams. That is inadequate and insufficient and is a disservice to our student-athletes. Also, can you please address the disparities amongst the schools in this County - why do some Middle Schools provide two years of a language and others only one? That drastically alters the schedule of those students in high school. Also, why are the policies and procedures so different at each high school? For example, a student at Godwin can get a 50 for turning in an assignment late but students at other high schools can turn that same assignment in weeks late for full credit.
Mar. 23, 22 -- 3:30: PM	Vincent	Barrafato	Tuckahoe District - Marcie F. Shea	Our middle school robotics team recently asked Senator Dunnavant to sponsor our Bus Box Bill (SB744) which has passed the GA and we expect will be law on July 1. Jim Ellis (Director of Transportation Henrico County) and has been a great help to the team, suggested we briefly present the innovative solution that is now possible due to this new law to the school board to see if Henrico County would be interested in a pilot program. Please follow the link below for the brief comments we have prepared to for the school board meeting on Thursday, March 24, 2022. Thank you for your time and consideration. Vincent Barrafato & Coach Walters. https://docs.google.com/document/d/1ZdbLn--joxH6-nTKj5B__cvjm8lbqBOuU3pQOcgyOjU/edit?usp=sharing
